

NEWSLETTER OCTOBER 2017

FRENCH HIGHSCHOOL OF SEOUL ASSOCIATION DES PARENTS D'ÉLÈVES

Dear Parents,

The school year has begun since 1 month and you all have been waiting for the news of the school.

In this letter, you may find out :

- the role of APE and its members
- the arrivals of LFS
- repairs of some classrooms on the existing school building and especially the progress of the new building

• APE

APE is the nonprofit association whose members are elected by parents to represent them. The board is organized in committee : Communication, Registration, Finances, New Campus, Human Resources, Legal, Technical and IT security.

The 8 members nominated of the board of APE sit in the management consultancy that assures the management of the school and is entirely responsible of its good administration, in respect of the agreement with AEFE and in close collaboration with the headmaster of the school ; the latter remains responsible of the organization and the pedagogical functioning of the school, the relations with AEFE that nominated him and in which he is the representative.

Concretely, APE recruits the staff in local contract, manages the operating budget and the investments of school. It anticipates and prepares also the future of the school for the medium and long term in the interest of the existing and potential families.

• THE NEW SCIENCE CLASSROOMS

The students of the middle school and the high school benefit from the new science classrooms entirely renovated during summer vacation since the first September in 2017. The pipes placed even on the ground were all removed to ensure a better security of the students. They are from then on inserted on the ground entirely redone. The columns disposed in the middle of classrooms were removed to ensure a better visibility. The furniture was completely renewed, in particular installed much storage space, with worry of security and functionality. This work constitutes the first step for the entire renovation of the establishment.

• THE NEW BUILDING

The construction work of the new building continued all summer. Launched in April 2017, excavation work has finished in August 2017. The construction of the foundation for the new building was begun a few days before starting school. The walls of the fourth basement level, the level of parking lot and machine rooms are under construction. The construction of the aerial part will be started at the beginning of the next year.

We hope all students of LFS and also their families have a great time on your vacation Chuseok.

*We will meet after these holidays for the first meeting of the school year 2017-2018 in order to share with you the projects for renovation of the existing building : **Tuesday 17th October 2017 at 21:00** in the gym of LFS.*
